

Taiwan at Truman Week Diary1

In Taiwan on July first, this is my second time to go abroad. I was so excited, but nervous. I want to take a plane in a hurry. At the same time, I miss my family in my heart. I hope to have the family company. By the way, I want to study English hard by this chance. Then, to prepare taking a plane. I was very nervous in my seat. When the planes take off, I was so afraid. Because I haven't been flying for a long time. When I arrived to the airport, I was so crazy. Because this is my first time to Japan. Japanese is courtesy, clean and tidy. At this moment, I have been tired. Waiting for transferring is for a long time. Only sliding mobile phones and talking to each other. It's boring. When I went to Chicago in the airplane, I was just tired. The dear attendant in the airplane is very nice when I don't know what I say. To arrive to KANSAS airport, I see Nathan, John and Daniel. They are so nice. I really like them. When I can't understand the word, they always help me to comprehend. I was sleepy in MO hall in July second. In the morning, we go to eat breakfast that is delicious. That day, I just want to sleep. The next morning we played Frisbee in the lawn. It's freezing. I stand beside to see them. It's boring. In the afternoon, we went to Walmart that like a supermarket. That has all kind of commodities. I want to go shopping again. It's funny. Next day, we played capture the flag on the grass. I think it is interesting. To go orientation activities is so funny. I like Truman. Truman's buildings are so difficult. And I hope Taiwan have this building. In this week, I am so happy. I am very looking forward to next day.
